

Valentin Kovalenko

Frontend Developer

(099) 68-36-844

V.Kovalenko.prog@gmail.com

Summary

Beautiful ui is my passion. I'm looking for interesting projects and a friendly team, as well as the opportunity to gain new experience.

Work Experience

Fontend Developer at Tech Band

Feb 2021 - Current

- Created user interfaces and configured the logic of user interaction
- Developed responsive and mobile versions of web pages
- Implemented interaction of React applications with smart contracts and Web3.js library
- Worked in an agile environment, with daily standups, spent 2 hours every two weeks planning sprints and sprint retrospectives
- Wrote documentation for developed projects
- Tested and debugged more of 10 projects with various development teams
- Worked with quality assurance to get new pages/products tested, and addressed any issues

Frontend Developer at AquaLux Systems

Nov 2021 - Feb 2022

- Utilized HTML, CSS, and React to create 30+ responsive landing pages for company
- Developed of the data storage logic with Redux
- Corrected and rewrote legacy code to modern standards
